Canopy dimensions:	Broadest Diameter	21.5 m	
	Radial Measurements	R1: 9.0 m; R2: 9.0 m; R3: 9.0 m; R4: 9.0 m.	
Trunk circumference:	4.7m		
Number of trunks:	1		
Grid co-ordinates MGA	E 213427 N 612118		

Registration Criteria that presently apply.

(2) Landscape and aesthetic value

The object of this value is to identify trees that are of particular importance to the community due to their substantial contribution to the surrounding landscape.

A tree may be considered to be of landscape and aesthetic value if it is situated in a prominent location when viewed from a public place and it:

- (a) contributes significantly to the surrounding landscape based on its overall form, structure, vigour and aesthetic values; or
- (b) represents an outstanding example of the species, including age, size or habit; or
- (c) is an exceptional example of a locally native species that reached maturity prior to urban development in its immediate vicinity.

Statement Against the Criteria

This *Eucalyptus melliodora* (Yellow Box) is located in the middle of Harrison 4 Estate. The tree is a large mature remnant with a large spreading canopy, and will be incorporated into urban open space within parkland. The tree will play an important role in providing a vestige of existing vegetation, nesting opportunities and provide an important landscape contribution whilst the new trees within the suburb are being established. It should be noted that very few trees in the vicinity of this tree were suitable for retention due to significant defects which rendered the trees unsuitable for retention within an urban environment.

Nomination 69
Tree Number PTR047
***Eucalyptus melliodora* (Yellow Box)**

ACT Tree Register

(Registration)

Pursuant to Division 7.2 of the *Tree Protection Act 2005* as the Conservator of Flora and Fauna the following decision has been made under section 52(1) to enter or not enter the above tree(s) in the ACT Tree Register
