and City Services

Community path priority list

The ACT Government recognises the importance of improving community paths and cycling facilities to provide safe and attractive routes in the ACT for people to use. This will also encourage more people to walk, cycle and use public transport which will help meet the Transport for Canberra Plan objectives, Ride or Walk to School Program and the Healthy Weight Initiative.

Roads ACT is responsible for the construction of missing links in the path network and concentrates improvements to provide increased connectivity between residential areas and trip destinations, such as shopping precincts, schools, childcare and aged care services, health facilities. New community paths and cycling facilities are also provided to help improve accessibility to the public transport system. As a result, the community will receive many benefits such as safer, and more, travel options, better health conditions and an active living environment whilst contributing to create an environmentally sustainable Canberra.

Members of the community can request improvements to the existing community path and cycle lane network through the ACT Government's web portal – Access Canberra, as a [Fix My Street](#) enquiry.

When requests are received, these are assessed and prioritised by Roads ACT using a warrant that considers the safety of the users, the linkage to the community (such as from residential areas to schools, shops, businesses, parks, etc), the likely demand and the cost. In addition, the warrant system considers links to the strategic cycle network to identify and complete important missing links in the network. The Bicycle Advisory Group (BAG), which is represented by Pedal Power, the Heart Foundation and other walking and cycling advocates has endorsed this warrant process.

All requests are considered and entered into the Roads ACT Walking and Cycling Database along with their priorities. Due to the frequent addition of new requests, the priority of the requests can change. These requests will be considered in future Capital Works and Upgrade programs, subject to the ranking, available funding and other competing priorities.

In 2016-17 a total of \$2.0 million has been allocated to help deliver the community path projects which have been identified by the community and are listed below. These projects may change throughout the year, as they are subject to design investigations and construction processes.

Note:

1. Service facilities (Svc. facility) are infrastructure designed to enhance the community path network, such as kerb ramps and cycle path slip lanes.

Community paths capital upgrade – construction program (2016-17)

Suburb	Road	Description of works	Type
Phillip	Butters Drive	Butters Drive to Kemp Close including the staircase	Off-road
Forrest	Canberra Avenue median	Across median at Dominion Circuit and Empire Circuit intersections	Off-road
Kambah	Athllon Drive	Northern side of Athllon Drive to Drakeford Drive underpass	Off-road
Belconnen	College Street	From Chandler Street to Benjamin Way	Off-road
Deakin	Gawler Crescent	Between Melbourne Avenue and Belford Street	Off-road
Holt	Flack Street	New path along Starke St northern verge, from Fullagar Cr to Moyes Cr. This path provides a missing link, which will allow pedestrians to walk on a formalised path from Fullagar Cr to Flack St.	Off-road
Florey	John Cleland Crescent	Connection to underpass near southern intersection with Tattersall Crescent	Off-road
Acton	Hales Street	Edinburgh Avenue to Shine Dome	Off-road
Acton	Off-Lady Denman Drive	Staircase from carpark off Lady Denman Dr to Lake Burley Griffin Shared Path to allow pedestrians safer access to Rowing Regatta launch area on Lake Burley Griffin.	Off-road path connection and staircase
Bruce	Thynne Street	Links to bus stop opposite Eardley Street	Off-road
Kingston	Wentworth Avenue	Widen from Giles Place to Eastlake Parade	Off-road
O'Connor	Sullivans Creek	Sullivans Creek Shared Path	Off-road

Community path and cycle lane projects – Design and Construct (2016-17)

Suburb	Road	Description of works	Type
Gungahlin	Anthony Rolfe Avenue	From Moonlight Avenue and De Bortoli	Off-road
Gungahlin	Ernest Cavanagh	Kerb ramp and connection improvements	Off-road
Gungahlin	Fussell Lane	Kerb ramp and connection improvements	Off-road
Forrest	Tasmania Circle	Kerb ramp and connection improvements	Off-road
Woden Town Centre	Easty Street	<ul style="list-style-type: none"> • Kerb ramps and improved connections between Callam Street and Easty Street • A formalised crossing of Callam Street, adjacent to Matilda Street • New path along Easty Street from Launceston to Wilbow Street. 	Off-road
Woden Town Centre	Matilda Street	<ul style="list-style-type: none"> • A separated cycleway along northern verge of Matilda Street between Callam Street and Bowes Street • New Kerb ramps, landscaping improved path connections • New path along Callam Street between Matilda Street and Launceston • New bicycle ramp from Atlantic Street level to the north/ south 	Off-road

Community path and cycle lane projects – Design (2016-17)

Suburb	Road	Description of works	Type
Fyshwick	Canberra Avenue	Service lane cul-de-sac at Ipswich Street	Off-road
Calwell	Were Street	Between the two junctions with Webber	Off-road
Mitchell	Well Station Drive	From Hoskins St to Flemington Rd	Off-road
Kaleen	Diamantina Crescent	Kerb ramp and path connection improvements along the entire length	Off-road
Kambah	Kingsmill Street	Upgrade of path to DDA compliance.	Off-road

Community Path and Cycle Lane Projects - Priority List (as of January 2017)

The following list is shown in the priority order and lists the requests for new community path and cycle lane facilities received from members of the public. This list will change as new requests are received. This list was generated on 01 January 2017 and will be updated periodically.

Suburb	Road	Type
Turner	Barry Drive	Service Facilities
Braddon	Torrens Street	Off-road
