Dear Mr 

Freedom of information request: Reference - 18-031

I refer to your application made under the *Freedom of Information Act 2016* (the Act), received by Transport Canberra and City Services Directorate (TCCS) on 29 March 2018, via a third party, *Right to Know*, in which you sought access to:

- a list of all documents and attachments related to the ACT Government's Waste Feasibility Study market sounding, specifically dates and titles of all submissions and by whom they were made, and dates and titles of their respective documents and attachments.

I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the Act.

I note that you made this request via the *Right to Know* website. TCCS does not accept requests via this website. There are a number of reasons why including the issue of consent and the release of your personal details to the public which we have a duty to protect against. It has also in the past provided difficult to contact applicants to discuss their applications.

When we approached you seeking a direct application you correctly pointed out that we had responded by accepting the application made through the *Right To Know* website. On this basis, I will respond to you as if the application was made directly to this Directorate. To this end I will be using your email information previously provided to the directorate and will not be responding directly to the *Right to Know* website.

I apologise that there was a delay in processing your application.

#### Decision on access

Transport Canberra and City Services has identified two lists (10 pages) that fall within the scope of your request.

These documents contain information that I consider to be, on balance, contrary to the public interest to disclose in full under the test set out in section 17 of the Act. The information considered contrary to the public interest to disclose includes the name of third parties.

I have considered the following material in the assessment of these documents:

- the FOI Act, in particular;

- o Schedule 2 (b)(i) – the person making the request
- the Information Privacy Act 2014; and
- the content of the documents that fall within the scope your request.

I have decided to grant access, under section 50 of the Act, to these documents (Attachment B) with deletions applied to information that I consider would be contrary to the public interest to disclose.

Disclosure of personal information is governed by the 'use and disclosure' privacy principles. Part 3 of the Information Privacy Act 2014 (TTP 6.1) states that an agency that holds personal information about an individual that has been collected for a particular purpose, must not disclose the information to a third party unless the individual has consented to the use or disclosure of the information. I have, therefore, decided that it is not in the public interest to disclose information that is considered to be personal information.

#### **Charges**

Processing charges are not applicable for this request because the documents released are 50 pages or less.

#### **Online publishing – disclosure log**

Under section 28 of the Act, TCCS maintains an online record of access applications called a disclosure log. Your original access application, my decision and documents in response to your access application will be published in the TCCS disclosure log from 3 days after the date of this decision. Your personal contact details will not be published.

You may view the TCCS' disclosure log at [http://www.tccs.act.gov.au/about-us/freedom\\_of\\_information](http://www.tccs.act.gov.au/about-us/freedom_of_information).

#### **Ombudsman review**

You have the right to seek Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in TCCS' disclosure log, or a longer period allowed by the Ombudsman.

If you wish to request a review of my decision you may write to the Ombudsman at:

The ACT Ombudsman  
GPO Box 442
