

## New Community Path Priority Request List

The ACT Government recognises the importance of improving community paths and cycling facilities to provide safe and attractive routes in the ACT for people to use. Community paths in Canberra have been built over many years to the design standards of the era in which they were built. The ACT Government is working hard to better connect existing path networks and create new connections. This is a significant undertaking that needs to be approached strategically, which involves assessing and prioritising requests.

To deliver these requests in the best way, the process involves assessing and prioritising new path requests to ensure those with the most benefit to the community are delivered first. Requests are assessed on whether a safe path can be provided for all path users, and if this can be met then four assessment criteria are applied to prioritise the requests:

- **Strategic** - how the request completes the routes identified in the ACT Strategic Cycling Network plan or Town/Group Centre Masterplans, which outline the priority improvement corridors, connections to the proposed surrounding network and its value within the network;
- **Community** – proximity to community trip generators and attractors within residential areas, such as schools, shops, businesses and parks;
- **Public Transport** – proximity to relevant public transport facilities; and
- **Demand** – presence of desire lines or expected demand for a path.

All community path requests are subject to future capital upgrade funding from Treasury and other competing priorities across the ACT Government.

Path requests that have been assessed will be placed on the Community Path Priority Request list to be considered in future upgrades.

Identified locations that have completed detailed design drawings and are awaiting funding for construction (PCF)

Street – Road Name	Suburb	Description	Pending funding for Construction
<b>Mildura Street</b>	Fyshwick	Connect path from outside 19 Mildura Street (Jim Murphy's) to existing bus stop number 2945 (Mildura St Opposite Fyshwick Markets)	PCF
<b>Mirrabei Drive Roundabout with Paul Coe Crescent (south)</b>	Ngunnawal	Provide addition path adjacent to Mirrabei Drive and connect to existing path and kerb ramp at Paul Coe Crescent.	PCF
<b>Cowper Street</b>	Dickson	Widen existing path from Cowper Street bridge near Dickson Place along path until path nears fence line.	PCF
<b>Canberra Avenue (near Underwood Street)</b>	Harmon	Provide path link from main community path to on-road cycle path (shoulder)	PCF
<b>Coulter Drive (Southern Cross Drive with Luxton Street Intersection to Nettlefold Street)</b>	Belconnen	Provide path on eastern verge from existing path on Nettlefold Street, along verge of Coulter Drive and connect to existing path at intersection.	PCF
<b>Drakeford Drive</b>	Wanniassa	Connect path from existing bus stop 1372 (Drakeford Drive before Taverner Street) along verge of Drakeford Drive and provide a connection to existing intersection and path from Langridge Street.	PCF
<b>Glenorchy Street</b>	Lyons	Provide path along the entire verge of Glenorchy Street, from Launceston Street intersection to Marrawah Street. Due to existing services, path is located on eastern verge from Launceston Street up to Deloraine Street, where it crosses the road and continues along the northern verge until Marrawah Street. Kerb ramps are provided across Glenorchy Street.	PCF
<b>Longstaff Street</b>	Lyneham	Complete path along Long Staff Street and connections into side streets.	PCF
<b>Were Street</b>	Calwell	Connect existing paths along northern verge of Were Street from existing roundabout through to existing path at intersection of Webber Crescent. Zebra crossings to be provided on the approach and departure of the roundabout on Were Street.	PCF

Identified locations that are awaiting funding to complete detailed design and construction (PDCF)

Street – Road Name	Suburb	Description	Pending funding for Design and Construction
<b>Moore Street</b>	Turner	Widen existing path from McKay Street to Barry Drive.	PDCF
<b>Sternberg Crescent</b>	Wanniassa	Regrade existing steep paths to Sternberg Crescent underpass	PDCF
<b>McBryde Crescent</b>	Wanniassa	Pave desire line from Wynne Street, along McBryde Crescent and connection to existing shared path.	PDCF
<b>McBryde Crescent</b>	Wanniassa	Provide path from existing path outside Trinity Christian School, along verge of McBryde Crescent to existing pedestrian refuge and bus stop 1181 (McBryde Crescent opposite Mackillop College)	PDCF
<b>Barr Smith Avenue</b>	Bonython	Provide missing link between existing paths at Ebenezer Street to just after Derrington Crescent.	PDCF
<b>Angas Street</b>	Ainslie	Pave desire line on Angas Street verge, from existing path into Ainslie Football Park northward to connect to existing path outside Ainslie Football and Social Club.	PDCF
<b>Link Tyrrell Circuit to Baldwin Drive</b>	Kaleen	Open Space link from existing path near Tyrrell Circuit westwards adjacent to Kaleen Community Garden and Baldwin Drive	PDCF
<b>Link Wambool Street to Kootara Crescent</b>	Narrabundah	Open Space link from existing pedestrian walkway from Wambool Street, past playground and around school oval and connect to Kootara Crescent	PDCF
