# **Veterinary Practice Regulation 2018**

**SL2018-28**

made under the

**Veterinary Practice Act 2018**

**Republication No 1**

**Effective: 21 December 2018**

Republication date: 21 December 2018

Regulation not amended

## About this republication

### The republished law

This is a republication of the *Veterinary Practice Regulation 2018*, made under the *Veterinary Practice Act 2018* (including any amendment made under the [Legislation Act 2001](#), part 11.3 (Editorial changes)) as in force on 21 December 2018. It also includes any commencement, repeal or expiry affecting this republished law.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

### Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at [www.legislation.act.gov.au](http://www.legislation.act.gov.au)):

- authorised republications to which the [Legislation Act 2001](#) applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

### Editorial amendments

The [Legislation Act 2001](#), part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see [Legislation Act 2001](#), s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication does not include amendments made under part 11.3 (see endnote 1).

### Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register ([www.legislation.act.gov.au](http://www.legislation.act.gov.au)). For more information, see the home page for this law on the register.

### Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the [Legislation Act 2001](#), section 95.

### Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see [Legislation Act 2001](#), s 133).

# Veterinary Practice Regulation 2018

---

made under the

**Veterinary Practice Act 2018**

---

# Schedule 1      Restricted acts of veterinary science

(see s 5)

## Part 1.1      Definitions

### 1.1      Definitions—sch 1

(1) In this schedule:

***anaesthetic agent*** means an anaesthetic agent, including a narcoleptic agent, an analgesic, a sedative or a tranquilliser, mentioned in the medicines and poisons standard, schedule 4 or schedule 8 as in force from time to time.

*Note*      Schedule 4 medicines are medicines (including prescription animal remedies) that are available from a pharmacy on prescription. Schedule 8 medicines are prescription medicines that have additional restrictions to reduce misuse or dependence. Each schedule includes some derivatives of the scheduled medicines.

***AS 5018-2001*** means the Australian Standard AS 5018-2001 (Electronic animal identification—National coding scheme) as in force from time to time.

***AS 5019-2001*** means the Australian Standard AS 5019-2001 (Electronic animal identification—Radiofrequency methods) as in force from time to time.

***medicines and poisons standard***—see the [Medicines, Poisons and Therapeutic Goods Act 2008](#), section 15.

***microchip*** means a permanent identification device that—

- (a) is able to be permanently implanted in an animal; and
- (b) is designed to transmit stored information when activated by a reading device; and
- (c) complies with the requirements of AS 5019-2001; and

- (d) contains a unique identification number—
  - (i) that complies with the requirements of AS 5018-2001; and
  - (ii) the first 3 digits of which are the manufacturer's code, allocated to the manufacturer of the device by the International Committee for Animal Recording.

## **1.2                      Disapplication of Legislation Act, s 47 (6)**

The [Legislation Act](#), section 47 (6) does not apply to AS 5019-2001 and AS 5018-2001 under this regulation.

*Note*      AS 5019-2001      and      AS 5018-2001      may      be      purchased      at  
[www.standards.org.au](http://www.standards.org.au).

## Endnotes

### 1 About the endnotes

Amending and modifying laws are annotated in the legislation history and the amendment history. Current modifications are not included in the republished law but are set out in the endnotes.

Not all editorial amendments made under the [Legislation Act 2001](#), part 11.3 are annotated in the amendment history. Full details of any amendments can be obtained from the Parliamentary Counsel's Office.

Uncommenced amending laws are not included in the republished law. The details of these laws are underlined in the legislation history. Uncommenced expiries are underlined in the legislation history and amendment history.

If all the provisions of the law have been renumbered, a table of renumbered provisions gives details of previous and current numbering.

The endnotes also include a table of earlier republications.
